

RESOLUTION #2022-44

**RESOLUTION OF THE MANTUA TOWNSHIP MUNICIPAL
UTILITIES AUTHORITY AUTHORIZING CHANGE ORDER NO.3 FOR
PERNA FINNIGAN, INC. FOR THE
BARNSBORO SANITARY SEWER EXTENSION PROJECT**

WHEREAS, the Mantua Township Municipal Utilities Authority (MTMUA), with its principal place of business at 401 Main Street, Mantua, New Jersey 08051 entered into a contract with Perna Finnigan, Inc., of Vineland, New Jersey for the Barnsboro Sanitary Sewer Extension project;

WHEREAS, during the construction phase of the project, and more specifically, during testing of the generator, it was determined that there was a conflict between the utility service voltage and the generator supply voltage. The generator was intended to be capable of matching the utility service voltage as well as providing multiple voltages and 120V single phase to support auxiliary equipment. Testing confirmed the generator could satisfy the utility service voltage, but the low voltage supply was higher than expected. As a result, there was an increased potential for surging various electronic components. Following multiple tests, adjustments, and discussions with the manufacturer of the generator, the manufacturer determined it would not be comfortable with rewiring the unit. Thereafter, it was decided that the best solution would be the installation of a transformer onsite to stabilize the voltage; and

WHEREAS, the Engineer prepared a final estimate, or final modification to pre-construction estimates of the quantities of certain items that were to be used, installed, or constructed during the project; and

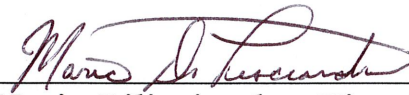

WHEREAS, Change Order No.3 has been reviewed and recommended by the MTMUA project engineer, David S. Palgutta, PE, CME by letter dated September 21, 2022, which is incorporated herein at length; and

WHEREAS, the value of the Contract is now, as a result of this Change Order No. 3, \$1,569,899.50.

NOW, THEREFORE, BE IT RESOLVED, the Mantua Township Municipal Utilities Authority does hereby authorize Change Order No.3 in the amount of \$19,917.50, to complete the work related to the generator and installment of an onsite transformer, as hereinbefore described, as well as to reflect the quantities for material and services that were deducted, reduced or increased during the construction of this project.

DULY ADOPTED at the Meeting of the Mantua Township Municipal Utilities Authority held on September 27, 2022.

**The Mantua Township
Municipal Utilities Authority**
